The Oct. 30 meeting in Petaluma has two scheduled time slots.

Sonoma County and 21 participating jurisdictions initiated the plan update in 2024. The planning process was a collaborative effort among County departments, municipal governments, community-based organizations, technical experts, and State and Federal agencies.

The Hazard Mitigation Plan is updated on a five-year cycle and is required to maintain County eligibility for FEMA Hazard Mitigation Assistance grants. The plan analyzes the County's risk from natural hazards, identifies County mitigation capabilities, and outlines a strategy that reduces the County's risk from natural hazards.
